LEADING TOGETHER: >> THE NEW PARADIGM FOR HEALTH CARE

AT ITS CORE...

A COLLABORATIVE WORKSHOP DESIGNED TO TEACH ADAPTIVE LEADERSHIP PRINCIPLES THAT WILL ASSIST IN PROVIDING LEADERS THE INSIGHTS AND RESILIENCE TO LEAD CHANGE WHEN FACING COMPLEX SYSTEM PROBLEMS

- It is a ***people-focused*** approach to leadership development
- It is grounded in inclusion and honors ***diverse perspectives***
- It focuses on ***mobilizing*** people to tackle tough problems and thrive
- It is designed to help individuals/organizations through ***change*** in times of uncertainty
- It is based on the premise that leadership is an ***activity not a person*** and can be exercised by anyone, no matter their role

TESTIMONIALS **from past participants of the Learning Together: New Paradigm of Health Care Training**

"Valuable course in gaining all stakeholder support. I use the concepts almost daily." — Chief Medical Officer

"By participating in programs like this, we enrich our leadership skills in service to our organization!" — Director of Quality Risk and Compliance

"This training provided an opportunity for the Medical Director and CEO to build a personal and professional working relationship and understand each other's perspective." — Chief Executive Officer
